

## ***Silicon Valley Brass Band***

[www.siliconvalleybrassband.org](http://www.siliconvalleybrassband.org)

### **About the Band**

Founded in 2008, the Silicon Valley Brass Band is made up of volunteer musicians from all over the Bay Area. The band is based in Santa Clara and is associated with Mission College.

SVBB is a large brass and percussion ensemble formed in the tradition of the British brass band. A traditional brass band strives to emulate the rich, full sound of a pipe organ. In order to achieve this unique sound, they utilize the following instruments: Bb Cornets, Eb Soprano Cornet, Flugel Horn, Eb Tenor Horns (instead of Horns in F), Euphoniums and Baritones, Tenor Trombones, Bass Trombone, Bb and Eb Basses and percussionists playing a wide variety of instruments.

### **Mission**

The mission of the Silicon Valley Brass Band, a member-driven musical organization, is to entertain its audiences with a wide variety of musical styles in the brass band tradition. We will present high quality musical performances that display the unique sound and style of a British style brass band. In addition, we will provide the opportunity for Bay Area brass and percussion players to learn and develop brass band skills.
